

WORKPLACE-AS-A-SERVICE

You Need a New Office. What's the First Step?

Building an office is never an easy process. The space needs to be functional, well-organized, and comfortable. Beyond that, it needs technology to be a fully functional workspace.

As all-inclusive technology providers, it seems only natural that we combine our expertise with Focus Office Suites to provide modern workspaces that are ready for work the minute you walk through the door.

SBT PARTNERS

We Handle the Tech, *You Concentrate on Business*

Here are just a few of the benefits of a **turnkey office solution**:

COST SAVINGS

Never think you are in too deep with a lease, utilities, and expensive investments in technology.

MODERN WORKSPACES

We build the technology your specifications, secure and ready to go. All you need is the password.

PROCUREMENT-AS-A-SERVICE

All the hardware you need, configured properly and ready to go.

SCALABLE GROWTH

Your office grows with you. Never worry about where people will go, just focus on the growth.

With a signed lease through Focus, SBT Partners is offering
A FREE Modern Workplace Assessment.

SBT Can Show You the Way to Better Technology

Our IT Services are:

PERSONALIZED

We gear your technology to accomplishing your specific business goals.

SCALABLE

Only pay for what you use.

STRATEGIC

Satisfy the IT needs of today with an eye to tomorrow.

HOW MODERN IS YOUR WORKPLACE?

Does your business ever struggle with technology? Do your employees ever complain about hardware or software? If so, not only is your IT not up to the task, but you are missing out on a huge opportunity.

At SBT, we believe improvement is not all about tech; it's about providing a working environment that gets the job done, embracing new ways of working and collaborating, and, most importantly, it's about what matters most to your organization. This means centering your organization around growth and new opportunities. **This is the SBT Partnership.**

A SEAMLESS TRANSITION

Our goal with our modern workplace assessment is to determine what technology is working and what isn't, and from this we formulate a complete transition plan before you move into your new office space. Included in this plan, we offer the option of ongoing IT support in the form of our Total IT Service Management Plan.

This covers:

- Helpdesk and desktop management
- Server and infrastructure management
- Network, wireless, and security management
- Managed backup and disaster recovery
- vCIO Services and IT Roadmap
- Proactive support with guaranteed response times
- Unlimited service incidents
- Fixed, predictable, monthly pricing
